

**If you are a MySpace or Facebook user don't miss this!**

NASW WI has created both a MySpace and a Facebook profile to facilitate networking social work students, young professionals, and persons interested in the field of Social Work.

Both profiles list information about programs and resources NASW offers. It also will list upcoming events NASW WI sponsors and includes information on how to join!

This exciting new program was suggested by our Membership Committee, approved by our Board of Directors, and implemented and maintained by our student intern. At the office we hope to inform our current members about the many things we do for them and recruit more members into the organization.

If you are a MySpace or Facebook user add us as your friend and look at all of the things we have offered to our friends! You can find us at the below address'.

Our *MySpace* account can be located at:

<http://www.myspace.com/wiconsocialworker>

Our *Facebook* account can be located at:

<http://www.facebook.com/profile.php?id=700010101>

If you are not a MySpace or Facebook user, now is the time to join!
