

## Sign up to be a NASW Wisconsin Chapter Mentor

Are you an experienced social work professional with an expertise that you are willing to share with a social work student, new social work professional or social work colleague?

NASW WI is starting a new mentoring contact program. This program is designed to provide a mentoring contact for social work students, new social work professionals, social workers moving to Wisconsin, social workers switching their area of practice and other social workers with a question in an area of expertise. Mentors will be NASW WI members with an expertise who are willing to be contacted via email or phone from a mentor listed compiled by the NASW WI Chapter.

If you have any questions about this program, please contact Marc Herstand toll-free in Wisconsin at (866) 462-7994 or (608) 257-6334 or email him at [marcherstand@tds.net](mailto:marcherstand@tds.net). Our fax is (608) 257-8233.
